Keep up with the latest information about the DMEPOS Competitive Bidding Program by taking advantage of the Internet's connectivity.

The Centers for Medicare & Medicaid Services (CMS) is consolidating the competitive bidding areas (CBAs) included in Round 1 2017 and Round 2 Recompete by conducting Round 2021 in the same geographic areas for a total of 130 CBAs (listed below). The CBAs are identified by counties and ZIP codes.

A CBA is an area where only Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) Competitive Bidding Program contract suppliers may furnish competitively bid lead and non-lead items to beneficiaries unless an exception is permitted by regulations. CBAs are based on metropolitan statistical areas, which are areas designated by the Office of Management and Budget, that include major cities and their surrounding suburban areas.

Round 2021 CBAs have nearly the same ZIP codes as CBAs in Round 1 2017 and Round 2 Recompete. However, if certain ZIP codes have changed, we have updated the CBAs to reflect the changes. For example, if a ZIP code within a CBA was split into two new ZIP codes, we included both new ZIP codes in that CBA. Also, if a ZIP code was deleted (no longer valid with the United States Postal Service) from an area, we removed that ZIP code from the CBA. To determine whether a specific ZIP code is included in the competitive bidding program, you may use the Find a CBA lookup tool located on the navigation bar or refer to the following Round 2021 ZIP code files below.
